Woody Acres-Junior/Teen Camp 2018

April 12, 2018 | NL Adventist Communications

Summer Camp, at Woody Acres, is an important and fun opportunity for juniors, teens, and families.

It is important because summer camp combines true recreation, social interaction, spiritual instruction and renewal, and education. It offers a fresh, rejuvenating atmosphere for one's mind, body, and spirit. It is a unique, and in some cases, rare opportunity for young people to get out into nature, within a Christian context, and to have good, clean fun; to hear, learn about, and worship God; to develop relationships with God, fellow

campers, and various pastors and leaders from across the island, and Canada; and to learn or further develop new skills (such as rock climbing, ceramics, water skiing, canoeing, archery, and more).

At Camp Woody Acres, we strive to offer a strong spiritual component. Every morning and evening, there is a group worship where everyone gathers together to sing praises to God and to hear the Word of God. Stories, that illustrate important and, often, inspiring truths are also shared.

Camp is important, also, for the staff. Every person who works at Camp Woody Acres is benefited by the beautiful scenery, the fresh air, and the physical activity that summer camp requires. The chance to interact with youth, from around the province, is also very encouraging.

Woody Acres is fun because there are so many things that you get to do, during the week. There is never a dull moment. Take for example, rock climbing, or riding down the zip-line. There is nothing like learning to climb a new route, or zipping down the hill, through the trees.

The waterfront has some exciting things, too. Last year was the first year, nearly everyone in the ski classes were able to get up and ski. This is thanks to improvements in training techniques for skier I & skier II levels, improvements in equipment, and a consistent and thorough application and repetition of these principles, each year.

There are many other exciting areas of interest at Camp Woody Acres that we could mention such as ceramics, where each year the camp attendees get to pick out some green ware, and go through all the steps necessary to clean, paint, prep, fire it, and finally see a finished product. There's canoeing, photography, water tubing, swimming, and other activities to engage the heart and mind.

We want to invite you, the reader, to help spread the word! If you have children, grandchildren, cousins, nieces or nephews, or friends and neighbours who are juniors or teens, ages 9-16, please, give them an invitation. We would love to have them!

Marystown Church Connects with Community Through Agape Supper

March 30, 2018 | NL Adventist Communications

The Marystown Seventh-day Adventist Church held an Agape Supper during the Easter weekend. The event was open to the community. About 18 were in attendance Friday night, half of which were non-Adventist, and on Sabbath there were a little over 20.

Supper included an appetizing layout of fresh fruits, nuts, fresh baked breads, crackers, spreads and dips. A celebration of the communion service was held, with foot washing, singing of songs, reading of poetry and scripture, and a short homily was delivered by Pastor Eric Ollila, about the Last Supper experience of the disciples and Jesus.

Sabbath morning picked up where Friday night left off, with the journey of Jesus through trial and crucifixion, to resurrection.

Participants included Gordon and Tyler Legge, who performed a lovely song together; Cynthia Coady, Marg Hannam, who did various readings; Jim Bishop, a local community member, played the piano. Shirley Hodder and Shirley Murley sang; Ross Murley, together with Marg Hannam and others assisting organized the event.

reveals the proven steps and tools every person needs to live a vibrant and healthy life. In *8 Secrets of a Healthy 100*, Dr. Cummings reveals what you can learn from the All-Stars of Longevity. Inspired by the groundbreaking book by Dan Buettner, *The Blue Zones*, which attributed long life to the Adventist lifestyle, Dr. Cummings explores the people behind the study, taking readers through personal stories and journeys toward whole person health. Dr. Cummings addresses head on the paralyzing problem of fad diets and exercise programs, describing how to move past these barriers and onto a life of health for

good. In this book you will meet Rosemary, who lost nearly half her body weight, one hundred forty pounds, to be exact, and is keeping it off thanks to a changed lifestyle that involves a better diet, more exercise, and an inner commitment to living “life to the full.” You’ll meet Brian, whose close encounter with death from heart disease forced a total makeover, including dietary changes, changes in his attitudes, the clarification of his purpose for living, and a commitment to lifelong learning about healthy living in general.

You’ll meet Gladys, who at ninety-two became the oldest woman to complete an official marathon. You’ll meet Jimm, a physically fit, lifelong vegetarian who was shocked to learn he had diabetes in his mid-30s and what he did daily to overcome the obstacles in his path. You’ll meet three generations of the Houmann family, determined to pass on a legacy of health and generosity to future generations.

These are all people like you. Though you may not share the exact same situations, challenges, limitations, abilities, or disabilities, you do share the same opportunity- to live life to the full.”

As you delve into this book you will learn the 8 Secrets of a Healthy 100 as expressed in the acronym of CREATION Health:

- Choice
- Rest
- Environment

- Activity
- Trust
- Interpersonal
- Outlook
- Nutrition

You’ll be inspired by the stories of the All-Stars of Longevity and informed by the health principles they practice. And you’ll be challenged to implement your own plan for a Healthy 100.

8 Secrets of a Healthy 100: What You Can Learn from the All-Stars of Longevity offers a clear roadmap that spells out how people can find health and wholeness by practicing these proven principles. Imagine a Healthy 100 is not just a catchy title or memorable slogan; it describes a movement of inspiration to live life to the fullest and gives you the tools to begin your journey today!

Meet CBS and Bay Roberts' New Pastoral Family-Ely & Amy Magtanong

April 4, 2018 | NL Adventist Communications

NL Adventist Board of Directors and Members of the Conception Bay South and Bay Roberts Church Boards take pleasure to introduce Ely and Amy Magtanong as the new pastoral family for the CBS and Bay Roberts district.

Pastor Ely will be arriving in Newfoundland, July 1, 2018. His wife, Amy, will follow her husband, in the move up to Canada, most likely in early 2019, after she finishes her doctoral studies.

Pastor Ely has extensive experience in ministry. He has served as a senior pastor (in Virginia, Florida, Quebec); a district pastor in Metro Manila, Philippines; a chaplain for hospice care with VITAS Innovative Hospice Care in Florida; and the head dormitory dean at the Adventist University of the Philippines.

Amy currently serves as a nurse practitioner and will be graduating with a Doctor of Nursing Practice (DNP) degree. We are confident wholistic health ministry will continue to be an important and strong part of Pastor Ely and Amy's ministry.

Here are a few of the comments people shared about Pastor Magtanong: Ely is "Warm, Friendly and Appreciative." He "pastored very well cross culturally. He was a team player, presented good sermons, was a consistent visitor, worked well with youth, very much present in his district." "Pastor Ely is a very faithful and dutiful soul...". He is someone "who takes his work seriously and who, I think, would be a constructive team player in NL."

Please join with us in giving Pastor Ely and Amy Magtanong, a warm welcome, to the ministry of Conception Bay South, Bay Roberts, and the province.
