ADRA Canada Making Masks and Gowns

In the Philippines, healthcare workers have been running out of masks and gowns as they work on the front lines of their communities, serving people infected with COVID-19.

The Culasi Maker Tailoring Shop, a community-based organization, started by ADRA's REAP project in northern Iloilo, has stepped up and not only made masks and gowns but donated them to health workers!

Funded by ADRA Canada in partnership with World Renew, REAP was a project that helped people restore their lives and livelihoods after Typhoon Haiyan. Many community groups were supported with starting their businesses.

While our project ended last year, the groups continued their new enterprises!

The generosity of our donors helped these people in their time of need, and this group has now found a way to give back.

Their dedication in the fight against this pandemic is inspiring!

Stuffed At the Gill's

Taken from: stuffedatthegills.ca

Guacamole

3 ripe avocados
¼ teaspoon salt or to taste
Pinch garlic powder
2 tablespoons lime juice, or to taste (or lemon juice will work but I like the lime best)

Dress It Up Options:

2-4 tablespoons finely chopped onion
1 or 2 seeded and chopped plum tomatoes
Jalapeños, habanero or serrano peppers, chopped and added to taste
2 tablespoons chopped Cilantro
Hot sauce, to taste

Cut the avocados in half and remove the pits. Scoop out the flesh and place in a large bowl. Roughly chop or mash with a pastry blender if you like chunky guacamole or mash with a fork if you like a smooth dip. If you like chunky dip gently mix in the salt, garlic powder and lime juice keeping as many chunks as you can. Of course, if you like it smooth go mad and whip away.

Add any other ingredients at this time. I like my Guacamole fairly plain so I don't usually add anything else to mine (except maybe a little onion, sometimes) but pick whatever you like. Taste and adjust any of the seasonings.

Place in a pretty bowl and serve with nacho chips or fresh vegetables. Guacamole is also wonderful with a salad or served over beans and rice.

Refrigerate any left overs. Place plastic wrap directly on the Guacamole as it will turn brown if exposed to air. It's best to make only what you can eat at one sitting.
