THE ROAD AHEAD OF US

By: Pastor Ken Corkum, President

Have you ever thought about why God gives us the ability to remember history and observe what is happening today but at the same time not have a complete revelation of what is coming tomorrow? God does know the end from the beginning. He could have added that dimension for us if He wanted to. In his wisdom, He saw that it was not in our interest to have a full vision of what was coming down the road for us, at least not a total revelation.

The Bible does give us insights into the future and is for our benefit if we take the time to read the Bible, listen to the living preacher, or become part of a Bible discussion group.

I hear from time to time commentators on the news telling us that there are electronic ears targeting outer space, trying to listen to if there is anything alive out there, and telescopes that penetrate the universe looking for life. My, if only they read the Bible, they would discover there are angels going back and forth from the earth carrying out God's wishes.

There is also a fallen angel, up to no good, who desires to disrupt your life. It is the Bible that will help us to discern this working. We need to have knowledge of the Bible so we can shield ourselves and defeat his purposes with God's Word.

Members and friends of the Seventh-day Adventist Church, you are in good hands, God's Hands going into 2023. We can speculate about the year, and we may be proved right in some things, but there is one promised text that I would like to encourage you going into the new year:

Romans 8:38-39, "For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord."

Take your next step into 2023, and know you are in good hands!!

LETHBRIDGE SDA CHURCH

By: Pastor David Boutcher and Leah Smallwood

On the night of December 17, 2022 the Lethbridge SDA Church had a games party with the church and community. With the help of ADRA, the church was able to install three dart boards and scoring tablets.

Other games such as Uno, Jenga, and Scrabble were played throughout the night.

With good food and good

company, the night was a success! Many games of darts were finished with experienced and new players and lots of laughter.

We are hoping to be able to have a games night at least once a month. It is to be open to church members and community from far and wide. All are welcome to attend.

ST. JOHN'S SDA BAPTISM

By: Pastor Jamie Joseph | Photo: Xenia Capote

On December 30, the St. John's SDA Church held a special vespers and Baptismal Service on the final Sabbath of the year 2022. It was a time of encouragement and upliftment to witness Bob Heale publicly declare his love for Jesus and be baptized in the precious name of our Lord and Savior Jesus Christ. In the presence of church family, several members shared testimonies, scriptures, words of encouragement, and hymns of praise, to encourage Bob on his journey with the Lord. May we continue to pray and encourage Bob as he faithfully follows Jesus.

CORNER BROOK SDA CHURCH

In June 2019, the members of the Corner Brook Church unanimously voted to sell their facility and begin a journey to find a more suitable and cost-efficient meeting place.

It was with great joy that Diane & Lawrence Burns, Ministry Coordinators, found a favorable response from the Salvation Army Corner Brook Temple (CBT). The CBT was generously willing to rent a small storage room and their fellowship room with the extra benefit of being able to leave the room set up. The cost for the rental

is within the amounts paid for utilities in the former facility. CBT also offered their large kitchen on a per-use basis.

The Corner Brook SDA Church has been meeting for three weeks in its new location. Please pray for this courageous membership as they continue their journey and seek, like Abraham, a permanent home while being content in their rented facility.
